I[5]                          V7
Down in the valley, valley so low,
                                     I
hang your head over, hear the wind blow.
                                          V7
Hear the wind blow, dear, hear the wind blow,
                                     I
hang your head over, hear the wind blow.
```

Writing this letter with but three lines,
                                 I
Answer my question: Will you be mine?
                                      V7
Will you be mine, dear, will you be mine?
                                 I
Answer my question: Will you be mine?
```

VERSE 3

```
I[5]                               V7
Roses love sunshine, violets love dew.
                               I
Angels in heaven know I love you.
                                     V7
Know I love you, dear, know I love you.
                               I
Angels in heaven know I love you.
